

Plants

petals flower leaves
stem roots root hairs
tree trunk nutrients
water transportation
light temperature
carbon dioxide
seeds dispersal
pollination pollen
stamen carpel stigma
fertilisation reproduction

Animals including Humans

digestion
digestive system
tongue mouth teeth
oesophagus stomach
small and large intestine
anus enzymes
nutrients water acid

Rocks

rock soil fossil
crystals
sedimentary igneous
metamorphic
slate marble sandstone
granite pumice
lava heat cool harden

Light

light rays dark
shadow
reflection reflective
mirror torch

Habitats

environment classify

Science Vocabulary

Lower KS2

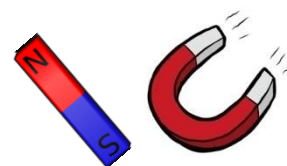

Sound

vibration ear
sound waves
volume pitch
frequency

Forces and Magnets

push pull
attract repel
magnet magnetic
magnetism
poles
contact non-contact

States of Matter

solid liquid gas
particles temperature
freezing melting
heating cooling
evaporation
condensation

Food Chains

energy

producer consumer
predator prey

Electricity

circuit series
electricity current
conductor insulator
battery wire cell
bulb buzzer motor
switch

Food and My Body

protein carbohydrates
fat vitamins minerals
healthy balanced diet
incisors canines molars
herbivore carnivore omnivore
skeleton bones muscles
skull spine ribs
